WORK EXPERIENCE

Product Designer · UI/UX Lead — Terranxt Pvt Ltd

Gurugram, India

Jan 2022 – Present

Enterprise SaaS, Solar Tech

- Led product design for Terranxt's website, enterprise SaaS portals, and mobile apps — from zero to production.
- Reduced solar project delivery timeline **from 2/3 months to 2/3 weeks**.
- Built the pvNXT design system and token library from scratch, now powering every live product end-to-end.
- Joined as employee #2 and helped scale the design + engineering team from 2 to 12.
- Led UX research directly with EPC stakeholders and field teams; set up the company's first design-ops process.

Executive Web Designer — IIDE

Mumbai, India

Jan 2021 – Dec 2021

EdTech, Growth / CRO

- Redesigned IA for course and marketing pages; A/B tested CTAs, **lifting conversion by +16%**.
- Mentored 3 designers and introduced the team's first design QA workflow.
- Partnered with marketing and engineering to raise delivery quality across releases.

Software Engineer (UI-Oriented) — Skymap Global

Dehradun, India

Jan 2020 – Dec 2020

GIS / Government Enterprise

- Designed government-grade web apps for satellite imagery and land monitoring, used by government and enterprise customers.
- Translated dense GIS workflows into clean dashboards, working closely with SOI, QGIS, and ERDAS teams.
- Built UI components for a B2B procurement and e-commerce satellite-imagery platform.

WORK EXPERIENCE — CONTINUED

Junior Web Designer & Developer — Dreamz Merchandising Solutions

Jan 2016 – Dec 2019

Remote

B2B / Agency

- Shipped and managed ₹10L+ worth of 20+ projects, across 10+ industries i.e Real Estate, Education, F&B, Media and many more; end-to-end delivery
- Built a strong foundation in responsive design, frontend implementation, and client communication, delivering projects solo, discovery to launch.

SELECTED IMPACT

pvNXT Solar Suite

rmcool26.netlify.app/work

Terranxt Pvt Ltd

UI/UX Design • Mobile App • Enterprise SaaS

- Unified disconnected systems and manual spreadsheet/WhatsApp workflows into a single enterprise SaaS platform.
- Designed interconnected portals: Field (Sales), Atlas (GIS), Connect (Consumer), Studio(EPC), Go(Installer), SCADA(O&M Team), Artha(Investor)
- Shipped 50+ production-ready screens, reducing project timelines from 2/3 months to 2/3 weeks, with the platform actively adopted by 4+ EPCs.
- Flagship product incubated and recognized by FITT, IIT Delhi.
